A. On this section of the Colorado River we use 16-18 ft. paddle rafts with everyone participating or you can request an oar powered raft where the guide does all the driving. Smaller two-person inflatable kayaks can be requested in advance (based upon availability) so you can get up close and personal with the waves.

Q. WHAT KIND OF WEATHER CAN WE EXPECT? WILL IT RAIN?

A. The Moab area has warm weather from May to September. July and August are warmer than June. The temperatures in the summer generally range from 80-110 degrees during the day. Rain is not common during the summer months. The weather forecast can give you an idea of what to expect. If the forecast indicates rain come prepared because when it rains, it usually rains hard.

Q. WHAT KIND OF FOOD WILL BE SERVED?

A. Lunch is a make it yourself sandwich buffet, with lunch meats, cheese, tomatoes, lettuce, onions, pickles, breads, etc. We also serve fruits, chips, cookies and lemonade. You may also choose to bring soda or other beverages. An ice chest is provided.

Q. WHAT IF WE HAVE FOOD ALLERGIES?

A. If we know about your food allergies in advance we can make accommodations to our menus for the safety of those with allergies. The only peanut products we use are peanut butter for sandwiches. Those with a peanut allergy can go through the lunch line first. For those with gluten allergies we suggest bringing your own favorite brand of gluten free bread.
