##### **Q. WHAT ARE THE CLASSIFICATIONS OF THE RAPIDS?**

##### **Q. WHAT KIND OF BOATS WILL WE BE IN?**

**A.** On this section of the Colorado River we use 16-18 ft. paddle rafts with everyone participating or you can request an oar powered raft where the guide does all the rowing. Smaller two-person inflatable kayaks can be requested in advance (based upon availability) so you can get up close and personal with the waves.

**A.** The Moab area has warm weather from May to September. July and August are warmer than June. The temperatures in the summer generally range from 80-110 degrees during the day. **A.** Lunch is a make it yourself sandwich buffet, with lunch meats, cheese, tomatoes, lettuce, onions, pickles, breads, etc. We also serve fruits, chips, cookies and lemonade. You will not go hungry and we do our best to keep you from standing in long lines for your meals. Water and Lemonade are provided; however, a water bottle is nice to have to use during the day. You may also choose to bring soda or other beverages. An ice chest is provided.

##### **Q. WHAT IF WE HAVE FOOD ALLERGIES?**

**A.** If we know about your food allergies in advance, we can make accommodations to our preparation and presentation for the safety of those with allergies. If your food allergy is severe, we suggest you bring a few of your favorite food items and we can help you transport them on the river for you to use when necessary. For those with gluten allergies we suggest bringing your own favorite brand of gluten free bread.
